

New Accessories - 2007

iTerraElite **Color** Laser Well Log Printer

Mobile Cart with Lockable Casters

The well log paper feeder hangs below the printer in the front. The Automatic Paper Stacker hangs below the printer in the back. No need to make a customized table...

Introducing the new Mobile Cart w/Casters

Automatic Paper Stacker

Since the new iTerraElite printer prints at 25 linear ft./min., a device was needed to keep control of well logs as they exited the back of the machine.

Introducing the new Automatic Paper Stacker
